Overseas Education over the years has seen a surge in student movement from India especially to English speaking countries like Australia, New Zealand, UK, Ireland, USA and Canada. Currently trending are many European destinations that are surfacing as preferred choices.

We are excited to announce the **Education Abroad Survey for Scottish Church College**, a vital initiative aimed at understanding what the students think and how we can cater to them individually.

By participating in this survey their insights will help us improve our services and better meet your student's needs.

Please help us by floating the Survey Link with every student across all departments and all semesters. This may be done over a preferred social media platform at your convenience. It is important that we get a response from students in all semesters (1 to 6).

Link is valid until 30<sup>th</sup> June, 2024.
